Claremont Activity Diploma

During each student's education at Claremont they experience and participate in a wealth of enrichment and cultural capital opportunities providing them with wow moments and successes. Some of these might be a one off, others repeated year on year building up the students familiarity and understanding. To track all these highlights and learning experiences we have introduced the Claremont Activity Diploma (CAD). Each year class teams will choose an activity for their students from the long list of events we created as a school and record their achievements in their Online Learning Diaries (Earwig) so families are aware. These experiences will also be shared in end of year reports. The CAD will ensure students build on their successes and we can look back and celebrate their magical moments at Claremont. Below are a few of the many activities your child might participate in during their time at our School.

Perform musical instruments to an audience	Represent Claremont school in a sporting event	Build a den
Lie in the grass and wriggle your toes	Go on a train ride	Care for a class pet for a term
Bump Roller Disco	See a live pantomime	Watch a live sporting event
Residential Trip	Experience a gig	Walk a dog
Visit a farm	A trip to the circus	Dry ski slope trip
